Technical information

TECHNICAL INFORMATION
44

Red

Water, just how you like it. Models with surprising extra features. Red: the colour of the forbidden, but also passion

Pure Line

LED technology for intuitive use of the tap.
Presenting Pure Line, an elegant and minimalist
kitchen design. It stands out for its separate
control, regulating water flow and temperature
using *Noken T-start technology*

Ósmosis

Leave bottled water behind and
enjoy healthy and impurity-free water
thanks to the *osmosis* system in this
swivel spout mixer tap

Fold

The Fold tap is perfect in kitchens which need to optimise *space*, since its design includes a folding swivel spout

Purple

Functional and industrial
design options for
professional kitchen lovers
that surprise as much as the
purple colour

We opted for new special *Noken Finish Studio* finishes to cover this new range of kitchen taps: introducing Round Inox. An industrial style functional tap with a removable spray head and swivel spout

Round Inox

Magnet

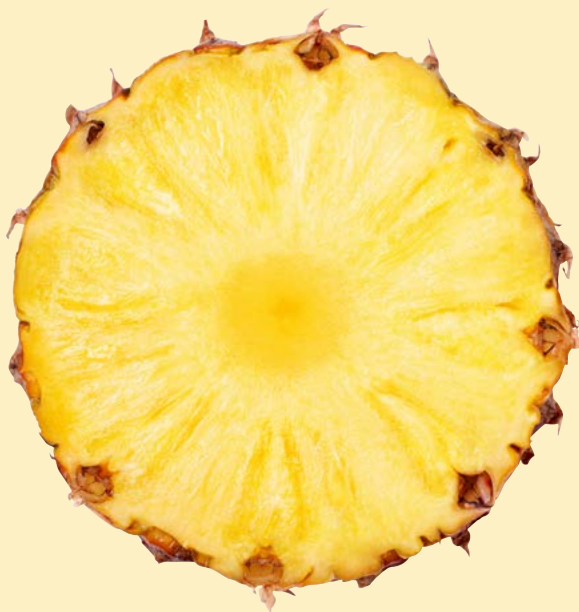

Functionality and industrial design, a
professional tap in the home

The *exclusivity* of the past, classics in the kitchen

Spring

YELLOW

Taps which are the perfect kitchen aid. All with a free-moving removable spray head

Bridge

Cutting-edge means being unique, being different. The Bridge tap is the next generation of kitchen taps

Bridge Slim

Functionality and beauty in a single product.

Bridge Slim is key for an *exclusive kitchen*

Pal

The Pal tap is a blend of geometric shapes which offer *serenity and functionality* in the kitchen

Urban Stick

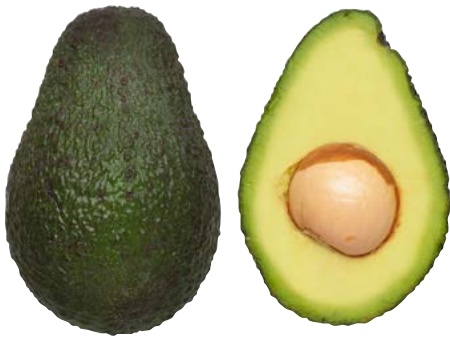

The Urban Stick collection adapts to the needs of each user. With or without removable spray head, but both with the same *personality*

Round

The Round tap stands out for its elegant design, with a modern curved *spout*

Green

**The most elegant
single-piece models.
Designs with simple
and sophisticated lines
which never fail**

Arquitect

The broad fine-edged lever handle adds *character* to the pure Bauhaus-style design

Soft

An accent tap, characterised by its straight and practical design. Ideal for *urban kitchens*

NK

A perfect tap series for
Baroque-style kitchens

An ideal series for unique *projects* like
contract projects

Hotels

Orange

The simplicity of the
everyday

Mini Plus

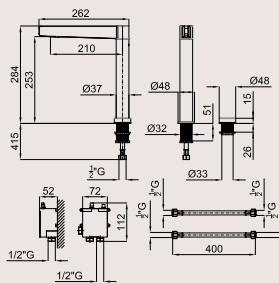

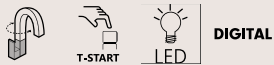

Unique tap *design* for
accent kitchens

Technical information

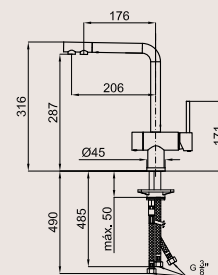

Pure Line

· ref. 100181001 · N199999253 / chrome
 PURE LINE - Digital sink mixer with swivel spout and independent control button. 1/2" connections. Safety stop. Flat aerator. Battery back-up. It needs to be plugged in. Also includes a 100-240V transformer, 50/60Hz exit, 9.0V. external mixer 85x75x55mm.

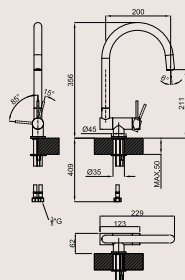

Ósmosis

· ref. 100063205 · N19999978 / chrome
 OSMOSIS - Single lever sink mixer for osmosis system with swivel spout. Ø35 mm ceramic cartridge and 3/8" connection. Length of hoses 485 mm and "Plus" aerator. Osmosis system is not included

Fold

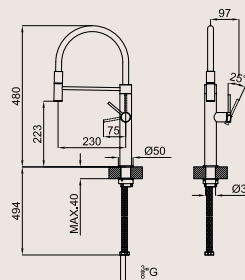

· ref. 100272089 · N115314306 / chrome
 FOLD - Single lever sink mixer with folding spout. Ø25 ceramic cartridge and 3/8" connection. Length of hoses 410 mm and "Plus" aerator.

HOTELS - Single lever sink mixer with swivel spout. Ø25 mm ceramic cartridge and 3/8". Length of hoses 500 mm. "Plus" aerator

THE ADVANTAGES OF TAPS BY *NOKEN*

Cr⁺

NOKEN MAXIMUM CHROME

We carry out rigorous quality controls on the tap surface to achieve a brighter and more everlasting finish. A double-layer chrome protection which meets the demands of any kitchen design and it is easy to clean.

NOKEN T-START

High technology in the kitchen thanks to the T-Start button, in other words, an independent control button which monitors water flow.

OSMOSIS

Innovative single lever sink mixer with two water outlets with an excellent design and high quality which makes it possible to have pure water at home through the installation of a second tap. With cold, hot water intakes and osmosis-free purified water without the need of drilling to be done in the sink or marble.

PULL-OUT SPRAY HAND SHOWER

Taking care of the user's comfort in the kitchen, Noken Porcelanosa Bathrooms offers the option of a pull-out hand shower spray as a complement to the tap (spray function for the Urban taps). An essential and highly-functional piece for everyday hygiene tasks.

SWIVEL SPOUT AND BODY

The movement makes the use easier. For this, our kitchen taps include the swivel spout or body function, which allows the water way to be positioned according to the user's culinary needs. This function stands out because of its smoothness, as well as limiting the rotation angle in order to avoid any knocks. Maximum comfort for daily life.

CERAMIC CARTRIDGES

In Noken Porcelanosa Bathrooms, the design is strongly connected to both resistance and durability. We have created kitchen single levers, whose cartridges are based on high ceramic technology. This technology does not only allow for a long-lasting tap, but also resistance against elevated pressures and water hammers.
